The Boom BYOD Small Video Bar Kit is the ideal solution for jump rooms, focus rooms, and small meeting spaces. Featuring the Boom UNO All-in-One Vertical Video Bar, which integrates a camera, mic, and speakerphone, this kit ensures smooth and efficient video conferencing. Paired with the Boom ZYGO Easy Connect Hub, it offers a simple, one-cable connection to any device, allowing users to quickly set up and enjoy plug-and-play functionality. Designed for compact spaces, this kit delivers professional video and audio quality for small meetings.

High-Definition Video

The Boom UNO All-in-One Vertical Video Bar offers a crisp video experience with a wide field of view, ensuring every participant is visible. With its integrated camera, it's perfect for smaller spaces, capturing high-quality visuals for productive meetings.

Exceptional Audio Clarity

Built-in noise-canceling microphones and powerful speakers deliver clear, full-duplex audio. The Boom UNO seamlessly handles both video and sound, making sure every word is heard with clarity in jump rooms, focus rooms, and small meeting spaces.

Seamless Connectivity

Paired with the Boom ZYGO Easy Connect Hub, the Boom BYOD Small Video Bar Kit offers a one-cable solution for effortless setup. Simply connect to any device via USB, and enjoy compatibility with top platforms like Zoom, Teams, Webex, and Google Meet—no additional software or complicated setup required.

Plug & Play Simplicity

Designed for small spaces, this all-in-one kit ensures fast, user-friendly operation. With its simple, plug-and-play functionality, it empowers users to get meetings started quickly, delivering professional video and audio performance for efficient collaboration.
