The Boom Zoom Room Large Video Bar Kit is a comprehensive solution designed for large conference rooms or Zoom rooms. Featuring the powerful Boom HALO Ultra HD 4K AI-Powered Video Bar, this kit ensures exceptional video quality with AI-powered auto-framing and a wide 120° field of view. Paired with two HALO Expansion Microphones, it delivers enhanced audio coverage, ensuring clear communication throughout the room. The Boom CAPO II Intel NUC with Windows 11 Pro ensures smooth, reliable performance, while the Boom VISTA Android-Based Zoom Room Controller offers intuitive, centralized control for seamless Zoom room management. Together, these components provide a premium, all-in-one solution for high-quality video conferencing in large, collaborative spaces.

Crystal-clear video

The Boom HALO Ultra HD 4K AI-Powered Video Bar offers exceptional video quality with sharp 4K clarity, ensuring that every participant is visible. Its AI-powered auto-framing adjusts intelligently to keep active speakers in focus, while the expansive 120° field of view captures the entire room, making it perfect for large conference rooms and Zoom rooms.

Superior audio

The two HALO Expansion Microphones enhance audio coverage, providing clear, natural sound throughout the room. With high-fidelity audio and built-in noise cancellation, this setup ensures that every participant's voice is heard distinctly, ideal for larger spaces.

Complete connectivity

The Boom CAPO II Intel NUC with Windows 11 Pro delivers smooth and reliable performance, while the Boom VISTA Android-Based Zoom Room Controller provides intuitive, centralized control for seamless Zoom room management. Together, they simplify the setup and make navigating Zoom meetings effortless.

Plug & Play. Always.

The Boom Zoom Room Large Video Bar Kit offers a comprehensive, plug-and-play solution for large collaborative spaces, ensuring a professional, high-quality video conferencing experience that's ready to go from the start.
